READERS

Dear S.I.T.E.
Say 'Hi' to Peter Positive! HIV +
myself - found out 5 years ago.
I find the best way to stay
well is to bullshit the authorities
& stick with common sense, wear a
rubber & use your own tools.
25 for your Rd & Mag keep it
going, & prove there is something
readable that isn't cut, censored,
or the rest.
all the best - a Scottish Reader.

Dear SITE

I have just had the misfortune to read
the filth you have the cheek to call a comic
I was shocked by the obscenities contained
in this vile offensive trash, I think you are
nothing more than a bunch of foul mouthed
perverts unfit to associate with normal
decent people. As for the scum you claim to
help I think their own perverse lifestyle has
been responsible for the cesspit of degradation
they now choose to inhabit, I wouldn't lift
a finger to help the maggots.
By the way copies of this scandalous crud have
been sent to my local Police force and M.P.
I hope you burn in the fires of hell
you stinking degenerates.

SHOCKED OF SURREY

S.I.T.E. REPLY

Straightforward simple advice,
but that's all it takes
you're obviously a WISE GUY

Dear SITE,
I tried to inject in
my foot but couldn't get
a vein up. I don't seem to
have much choice now
but go into the groin.

S.I.T.E. REPLY

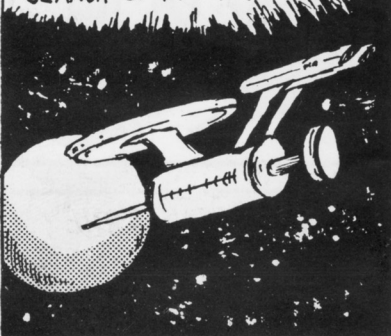

Come on "Shocked of Surrey"
say what you really mean

S.I.T.E. REPLY

Don't go into the groin it's too
risky, try putting your foot in
warm (not hot) water.
This should bring up the vein

Wise Guys

CAPTAIN'S LOG, WE ARE ABOVE
THE PLANET INTRA-VENUS IN
SEARCH OF DRUGS.

SENSORS INDICATE A FINE
POWDER ON THE SURFACE

SHALL WE PUT SOME LEMON
JUICE INTO IT, MR SMACK?

CITRIC IS MORE PURE,
CAPTAIN, AND USE AS
LITTLE AS POSSIBLE
SO AS NOT TO DAMAGE
THE VEINS
