

Crack pipes, filters, and mouthpieces are being distributed as part of a national research study.

THE SAFER CRACK KIT

IS AVAILABLE FROM THIS TREATMENT SERVICE

STEEL FILTER

Custom made steel filter fits snugly into the pipe.

GLASS PIPE

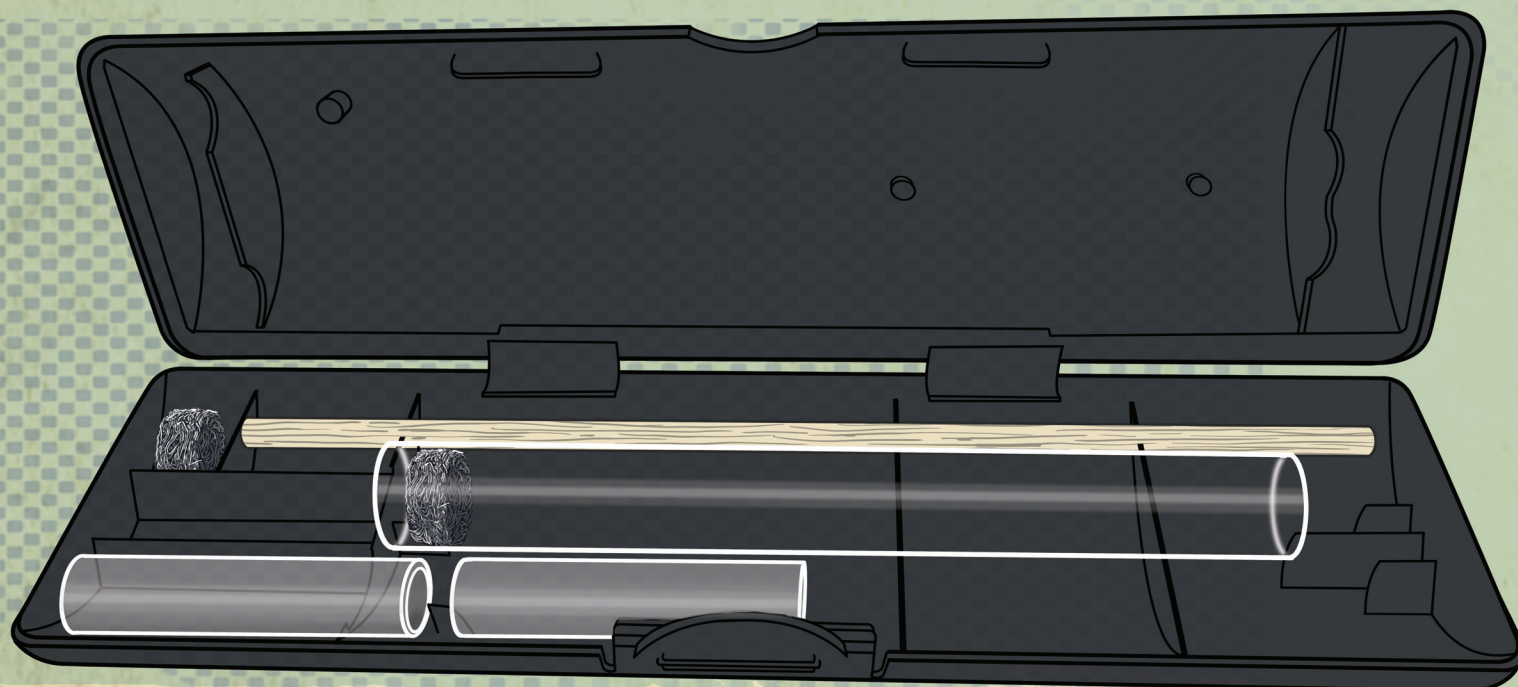

Quality glass pipe doesn't get too hot when heating crack

MOUTHPIECE

Soft plastic mouthpiece.

CRACK KIT COMES IN A DISCREET CARRY CASE

Case contains spare filter and mouthpiece, plus a wooden stick for loading the pipe.

Take part in the study to receive a crack smoking kit.

Once the study is over, you will have the opportunity to tell the research team what you think.

The Safe Inhalation Pipe Provision (SIPP) study is being conducted by the London School of Hygiene & Tropical Medicine.
